

**CRASH DAMAGE LIABILITY LIMITATION AGREEMENT  
SKIP BARBER RACING SCHOOLS &  
HIGH PERFORMANCE DRIVING SCHOOLS**

Skip Barber Racing School provides you with the opportunity to experience the true potential of some very capable and expensive cars. The financial risk of a crash is enormous – it can be the entire value of one or more cars. This risk discourages many owners from ever taking their own car onto a race track. We solve the problem by providing you with our cars to drive, and providing reasonable limitations on your maximum possible damage liability.

Even though crash damage in our schools is relatively rare, you need to understand your crash damage liability. In order for you to participate in a Racing School or High Performance Driving School, you hereby agree, by signing this form in the space provided below, that you will pay to Skip Barber Racing School LLC, in accordance with this Agreement, all the parts, labor, and other expenses required to repair or replace any car or other Skip Barber equipment, or any guardrail or other racetrack property which is damaged or disarranged (collectively termed “Damage”) as a result of your operation of a School car.

**Your liability for damage is unlimited; however your damage can be limited to a maximum of \$4,000 per incident by signing in the appropriate space below and paying \$250 per day prior to the commencement of the first day of the School.** (It is possible you can have more than one incident per day, or over the course of a School.)

**You are not permitted to disengage any electronic driver aid.** In certain infield exercises a SBRS instructor may temporarily disengage and re-engage the electronic driver aids for you. The HPDS cars’ systems record systems disengagements. **If for any reason you disengage any electronic driver aids and incur crash damage, then your damage liability will be unlimited regardless of whether you have purchased the damage liability limitation described in the preceding paragraph.**

You will be responsible, but only up to your maximum liability limit, for any Damage which may occur during or as a result of your operation of a School car, regardless of cause or fault. Skip Barber instructors closely supervise every School activity. In the unlikely event of an incident involving more than one car, Skip Barber is not required to, but may, in its sole discretion, rely upon these instructors’ recommendations to apportion the drivers’ respective errors or fault as a percentage of the total Damages incurred by all vehicles and other property, and then to apply each individual driver’s liability limitation to his or her respective share of the total Damages.

All crash damage liabilities must be paid by valid credit card upon presentation of the crash damage estimate.

This Agreement and all obligations arising pursuant to this Agreement shall be governed by the laws of the State of Georgia, excluding its conflicts of law rules, as though this Agreement was made and performed entirely within that State. Any dispute arising out of or relating to the making or performance of this Agreement shall be resolved in the State or Federal courts in the State of Georgia. The parties hereby expressly waive all defenses and objections related to personal jurisdiction or venue or inconvenient forum. The prevailing party shall be awarded its reasonable expenses and attorneys' fees of the suit and collection of judgment. Any resulting judgment may be enforced in any jurisdiction where a party may be found.
